

# Patrol Academy Pre-Academy Distance Learning Objective Study Guide

All POST Basic Police Academy students will be required to complete the attached study guide covering objectives related to the following On-line courses found on the POST Distance Learning site:

## Legal Issues

Unit 3.1- United States Constitution

Unit 3.2- Idaho Liquor Law

Unit 3.7- Fish and Game Laws

Unit 3.8- Idaho Brand Law

Students should print this study guide and fill in the information requested related to each learning objective while completing the on-line training. Responses do not need to be word-for-word from the on-line training, but should discuss the information clearly and briefly. The completed guide will be collected at the academy, checked for completion, and given back to students to use while at POST. All Basic Patrol Academy students will be required to complete these questions. It is highly recommended (but not required) that challenge students make use of them also. If extra space is needed for responses, students can write on the back of the question sheets or attach as many blank pages as necessary.

Having students complete the study guide serves several purposes. First, this activity will help students focus on the most important information provided in each on-line training lesson. Secondly, the completed response related to each objective will serve as a valuable study guide for exams taken while at POST. Lastly, completion of the study guide will help verify completion of the on-line training.

**Note:** This study guide must be completed in your own handwriting and turned in at the Academy. Typed or photocopied study guides will not be accepted. If you cannot find the answer to a question in the on-line training provided, try to use other resources (Idaho Code books, etc.) to complete the study guide.

**The following study guide should be filled out and brought with you to POST.**

**Objectives may not be in numerical order on this guide as an attempt was made to follow the flow of material in each on-line training module. However, in some instances objectives may not be covered in the order listed on the study guide.**

**If additional space is needed, use the back of each sheet or attach a blank page.**

**CURRICULUM TITLE:****3.1 UNITED STATES CONSTITUTION**

03.01.01 Explain briefly the history of the U.S. Constitution from 1776 to its adoption.

03.01.02 Explain the 1st, 4th, 5th, 6th, and 14th Amendments to the U.S. Constitution.
